5. VISA

What is the difference between COE and visa?	COE (Certificate of Eligibility) is required to obtain a visa. COE application will be arranged by Waseda University based on documents submitted by applicant while visa is necessary in order to enter Japan. Each applicant needs to apply for visa on his/her own at the nearest Japanese Embassy or Consulate.
What is "Documents Concerning Defraying Expenses for COE"? Why is it necessary?	It is to certify that applicant has enough financial resource to cover his/her expenses during studying abroad, and is required by the Immigration Bureau to submit to obtain a COE. We have set the minimum amount to prove funds as 120,000 yen per month.
How long will it take to obtain COE / visa?	It will take a couple of months after COE application made by Waseda University. Hence students are encouraged to start application process as soon as possible to have enough time for further procedure.
Are exchange students allowed to work?	Yes, but they are required to obtain work permit at the airport upon arrival or the Immigration Bureau.
